# MONARCH WAYSTATION PLANTING

**Public Works Art Fence**  
**4pm-6pm Sunday, August 26th**

Join SEED in planting a monarch waystation (a stop-over for their annual migration) in our continued beautification efforts at the Public Works building. Bring your own tools (shovel, wheelbarrow if you have one, etc.) and gloves, and come ready to dig, haul, plant, and have a great time helping out our pollinator friends. We will be planting beautiful native plants with money raised at the Pine Lake Plant Sale!
